

SHELTER:

- Red Cross Shelter & Resource Center
Concord West Side
230 W. Mishawaka Road

POWER RESTORATION:

- AEP's restoration efforts are ongoing; up-to-date information available via the outage map linked below
 - <https://d1xhcovr200lhy.cloudfront.net/external/default.html>

REPORT DAMAGE:

- Please let us know about damage on your property via MyElkhart311 and/or 211
- Be aware of potential scams
 - Any repair professional that comes to your property will be coordinated by your insurance company or will be someone with the city
 - Please do not sign anything
 - Reach out to your insurance company or Elkhart's non-emergency number if you want to verify their identity 574.293.2175

DEBRIS REMOVAL:

- Please refer to the graphic below regarding separation of debris
 - This separation is important so potentially environmentally hazardous materials are easily identifiable
- Place it at the curb and the city will pick it up for disposal

At approximately 12:20am on Tuesday, July 16, an EF1 tornado touched down near the Hawthorne Elementary building and moved southeast towards S. Main St. / US 33

Restoration, cleanup, and recovery efforts are ongoing

We will be updating this page as new information becomes available

HOW TO HELP:

- Please email Corinne.Straight@coei.org or text 574.350.4209 to offer your assistance
 - We will add your contact information to our list and determine the best way to utilize the resources you are offering
